

**SCREENING CHAPTER 27
ENVIRONMENT**

**AGENDA ITEM: MINING
Directive 2006/21/EC**

**Country Session: The Republic of TURKEY
29 May - 02 June 2006**

LEGISLATIVE FRAMEWORK

- By-law on Hazardous Waste Control
- By-law on Permission of Mining Activities

address issues regarding mining wastes.

LEGISLATIVE FRAMEWORK (CONT'D)

Article 48 of the By-law on Hazardous Waste Control states that the Ministry of the Environment and Forestry will determine the principles of collection, transportation, treatment and disposal of mining waste.

LEGISLATIVE FRAMEWORK (CONT'D)

Article 91 of the By-law on Permission of Mining Activities states that mining wastes are covered under the specially treated wastes. The Article requires that the By-law regarding the management of mining wastes will be prepared in collaboration between the Ministry of Environment and Forestry and the Ministry of Energy and Natural Resources.

FURTHER ACTION

Technical studies need to be initiated following the publication of the Directive on Mining Waste.
